PROPERTY DESCRIPTION

SOLD \$249,900 - Pride of ownership displayed throughout this beautiful home in Rock Creek! This home has upgrades galore! The owner did not spare any expense either. A new roof with architectural shingles, maintenance-free trim wrap & gutters and a new energy efficient 13 SEER A/C unit (and coil) was just installed prior to listing the house for sale.

The owner has also replaced the gas heating system, the windows, and the gas hot water heater. New carpet in the Family Room and new laminate hardwood floors have been installed in the Dining Room, Kitchen, Foyer and Hallway leading to all the bedrooms. There is also a wonderful 20' x 10' screen-in porch with a hot tub that conveys with the house.

This home features a large Family Room with a cathedral ceiling and a fireplace. This is unique fireplace that is actually double-sided and can be accessed viewed in the Dining Room as well. The Kitchen features beautiful wood cabinets, an electric range, dishwasher and a pantry cabinet that conveys with the property. Down the long hallway you can access all Master Bedroom and Bath, 2 additional Bedrooms, a Full Bath and the utility closet.
